

CASE STUDY

VALUE PROPOSITION

- **Performance:** 25% product reduction using Instant Super Degreaser 2.0
- **Safety:** Instant Super Degreaser 2.0 improved health and safety profile with no xylene, brominated solvents, trichlorethylene or perchloroethylene

PRODUCT

Instant Super Degreaser 2.0

BOTTOM LINE

Improved Safety & Performance
Building and Capital Equipment

APPLICATION

- Customer was using a brake cleaner to regularly clean equipment within a vinyl siding manufacturing plant. The production equipment was systematically cleaned to avoid these quality issues stemming from contamination of calendar rolls during manufacturing process.

ISSUE

- The brake cleaner in use contained up to 30% Xylene, posing an Environmental Health Safety concern for the customer.

SOLUTION

- Instant Super Degreaser 2.0

RESULT

- The slower evaporation of Instant Super Degrease 2.0 as compared to the brake cleaner allowed the product to dwell on surfaces, resulting in easier cleaning and requiring 25% less product for the task.
