

METALWORKING CHEMICAL GUIDE

YOU
**KEEP
THINGS
RUNNING**

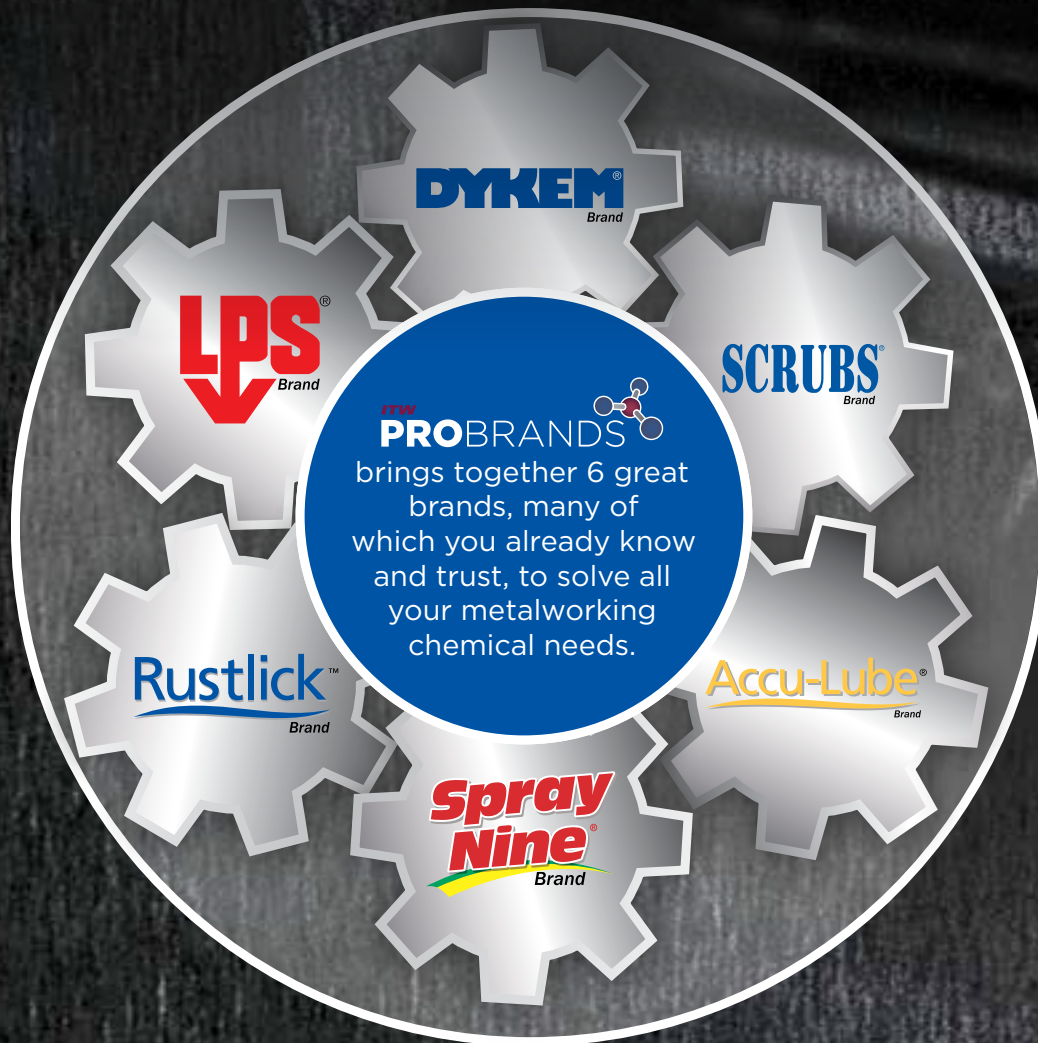

WE JUST MAKE IT
EASIER

INDUSTRIAL BRANDS YOU CAN DEPEND ON

We understand how critical it is to keep your facility running, and how downtime can cripple your business. You need the job done right the first time, and the products to help you do it.

ITW Pro Brands brings together 6 industrial brands, all built on the belief that the work you do is essential to your company's success. We're proud to make the products you can count on to help keep things running.

DYKEM®

- The Metalworking Standard for almost 100 years with Steel Blue® Layout Fluid
- Full line of markers, stains, and fluids for all your marking needs

LPS®

- High Performance MRO chemical products including cleaners, degreasers, lubricants, cutting fluids and corrosion inhibitors
- A must-have for maintaining equipment and facilities

SCRUBS®

- SCRUBS® invented the hand-cleaner towel category over 20 years ago
- When you need the strongest towel to clean your hands, tools, or any surface!

Rustlick™

- Highest quality line of flood coolants on the market, specializing in small-volume users
- Engineered for versatility and superior performance and easy maintenance

Accu-Lube®

- Eliminate coolant clean-up and improve your tool life with mist-free micro-lubrication technology
- Accu-Lube® invented the MQL category over 30 years ago and maintains that dedication to quality and performance

Spray Nine®

- The perfect ready-to-use degreasing and cleaning products for your shop
- Available in sizes ranging from RTU sprays to full drums

METALWORKING APPLICATION GUIDE

BAND SAW

- Hand Protection
- Lubricants/Penetrants
- Flood Coolants
- Marking Products
- Greases
- Hand Applied Cutting Fluids
- Minimum Quantity Lubrication (MQL)
- Specialty MRO
- Rust Preventatives/Corrosion Inhibitors

MILLING STATION

- Layout Fluids
- Hand Protection
- Lubricants/Penetrants
- Flood Coolants
- Marking Products
- Greases
- Hand Applied Cutting Fluids
- Minimum Quantity Lubrication (MQL)
- Specialty MRO
- Rust Preventatives/Corrosion Inhibitors

GRINDING STATION

- Hand Protection
- Lubricants/Penetrants
- Flood Coolants
- Marking Products
- Greases
- Hand Applied Cutting Fluids
- Minimum Quantity Lubrication (MQL)
- Specialty MRO
- Rust Preventatives/Corrosion Inhibitors

WELDING DEPT

- Layout Fluids
- Hand Protection
- Lubricants/Penetrants
- Flood Coolants
- Marking Products
- Greases
- Hand Applied Cutting Fluids
- Minimum Quantity Lubrication (MQL)
- Specialty MRO
- Rust Preventatives/Corrosion Inhibitors

LATHE

- Layout Fluids
- Hand Protection
- Lubricants/Penetrants
- Flood Coolants
- Marking Products
- Greases
- Hand Applied Cutting Fluids
- Minimum Quantity Lubrication (MQL)
- Specialty MRO
- Rust Preventatives/Corrosion Inhibitors

DRILL PRESS

- Layout Fluids
- Hand Protection
- Lubricants/Penetrants
- Flood Coolants
- Marking Products
- Greases
- Hand Applied Cutting Fluids
- Minimum Quantity Lubrication (MQL)
- Specialty MRO
- Rust Preventatives/Corrosion Inhibitors

**"TAKING SOME OF THE WORK
OUT OF METALWORKING"**
Ask your ITW Pro Brands
Representative for details

CNC MACHINE

CHOOSE PRODUCTS FROM BRANDS SPECIFICALLY ENGINEERED FOR METALWORKING AND MACHINE SHOP PROFESSIONALS.

LAYOUT FLUIDS

- A** **DYKEM® STEEL BLUE®** ✓
 - B** **DYKEM® STEEL RED™**
- DYKEM® Layout fluids allow you to scribe sharp, clear and precise lines
- Dries in minutes
 - Leader in layout fluids for almost 100 years
- C** **DYKEM® REMOVER & PREP**
- DYKEM® Remover & Prep prepares surfaces for better layout fluid adhesion and makes removal of layout fluids an easy process

HAND CLEANERS

- A** **SCRUBS IN-A-BUCKET®** ✓
 - B** **SCRUBS® Hand Cleaner Towels**
- SCRUBS In-A-Bucket® Hand Cleaner Towels clean your hands away from the sink.
- Will not dry or crack skin, even with repeated use
 - Remove oil, grease, paint, adhesive and much more
 - Great for use on tools and surfaces
- C** **Spray Nine®* Poly Scrub®**
 - D** **Spray Nine®* Coco Scrub®**
- SPRAY NINE® Poly Scrub® and Coco Scrub® feature poly scrub beads to remove tough, embedded soils.
- Destroys and removes odors
 - Poly Scrub® features a lemon-lime scent
 - Coco Scrub® features a coconut scent

*Spray Nine® Brand products are not for sale in Canada through ITW Pro Brands

GREASES

- High Performance greases from LPS® provide long-lasting lubrication in harsh environments.
- A** **LPS® ThermaPlex® Multi-Purpose** ✓
- General-purpose industrial (NLGI #2) bearing grease for all-around lubrication needs
- B** **LPS® ThermaPlex® CS Moly**
- Extreme-duty industrial grease for heavy loads and impact
 - Moly-enhanced formula prolongs bearing life
 - Superior rust & corrosion protection, water-resistant
- C** **LPS® Red & Redi**
- Heavy-duty non-sling formula with red color for easy visual inspection
 - Prevents rust, corrosion and oxidation
 - Remains effective at temperatures up to 450°F (232°C)

LUBRICANTS/PENETRANTS

- LPS® is your full line of heavy-duty lubricants and penetrants that are must-haves in every machine shop!
- A** **LPS 1® Greaseless Lubricant** ✓
- Moisture-displacing, dry-film for precision lubrication
 - Quick penetration to loosen rusted or frozen parts
 - Resists oil, dust and dirt build-up
- B** **LPS 2® Heavy-Duty Lubricant**
- Heavy-duty industrial lubricant and wet-film corrosion protectant
- C** **LPS® TKX® All-Purpose Lubricant**
- General-purpose, wet-film industrial lubricant
 - Offers great performance at maximum value
- D** **LPS® KB-88 The Ultimate Penetrant**
- Ultimate rust-busting penetrant for industrial applications
 - Kb solvency of 151 with low surface tension enhances penetration and corrosion attack

FLOOD COOLANTS

Rustlick™ coolants provide solutions for a wide range of machining, sawing, and grinding demands from general-purpose to specialized formulas.

To choose the right coolant for your job, refer to the "Metalworking Fluid Guide" section on the back page of this brochure.

When you need versatility in flood coolants, choose Rustlick™!

- ### MACHINING / SAWING FLUIDS
- A** **RUSTLICK™ WS-5050** ✓
 - B** **RUSTLICK™ ULTRACUT® Pro**
 - C** **RUSTLICK™ ULTRACUT® 380R**
 - D** **RUSTLICK™ Vytron-N**
 - E** **RUSTLICK™ PowerSaw**
 - F** **RUSTLICK™ SS-405L**

- ### GRINDING FLUIDS
- G** **RUSTLICK™ G-25J** ✓
 - H** **RUSTLICK™ G-1066D**
 - I** **RUSTLICK™ Carbide PowerGrind**

MARKING PRODUCTS

DYKEM® marking products offer high-quality, high-performance industrial markers to meet your most demanding marking and identification needs.

Refer to the product listing in this brochure to see all available colors for each line.

- A** **DYKEM® BRITE-MARK® Paint Makers/Valve-Action Medium** ✓
- 
- B** **DYKEM® BRITE-MARK® Paint Makers/Valve-Action Fine**
- 
- General-purpose, permanent paint markers
 - Durable, UV-resistant marks available in an array of colors
 - Marks dry in 25-35 seconds
 - Medium and fine tip sizes available
- C** **DYKEM® SUDZ-OFF® Detergent Removable Markers**
- 
- Make water-resistant marks on untreated, unpainted metal surfaces
 - Marks are easily removed with a detergent/cleaner with a pH of 10 or higher
- D** **DYKEM® HIGH PURITY Non-etching, Certified Markers**
- 
- Permanent marks will not etch stainless steel
 - Certified low-chloride, low-halogen and low-contaminant ink
 - Meet Nuclear, GE Energy, GE Aviation and a wide range of industry-accepted specs
- E** **DYKEM® HIGH TEMP Markers**
- 
- Marks withstand temperature exposure up to 2000°F (1093°C) (Refer to product listing for color and temp offerings.)
 - Permanent identification solution (Intended for use on room temperature metals. Once cured, marks resist high temperature exposure.)

HAND APPLIED CUTTING FLUIDS

LPS® and Accu-Lube® hand-applied cutting fluids come in 3 forms; liquid, semi-solid and solid, to meet your every need.

To choose the hand applied cutting fluid right for you, refer to the “Metalworking Fluid Guide” section on the back page of this brochure.

LIQUIDS

A	LPS® Tapmatic® #1 Gold	✓
B	LPS® Tapmatic® AquaCut	
C	LPS® Tapmatic® Natural	
D	LPS® Tapmatic® TriCut®	
E	Accu-Lube® Pump Spray Lube	

SEMI-SOLIDS

F	LPS® Tapmatic® Edge Crème	✓
G	Accu-Lube® #10 Perfect Tap	
H	Accu-Lube® Gel Paste	
I	Accu-Lube® LS-10 Paste	

SOLIDS

J	Accu-Lube® Stick Lube	✓
K	Accu-Lube® Block Lube	
L	LPS® Tapmatic® Edge Lube	

MINIMUM QUANTITY LUBRICATION (MQL)

Eliminate clean-up required of flood coolants while improving the machining process and the life of your cutting tools with Accu-Lube® Minimum Quantity Lubrication (MQL) applicators and lubricants.

To select the right MQL applicator and lubricant for your operation, refer to the “Metalworking Fluid Guide” section on the back page of this brochure.

APPLICATORS

A	Accu-Lube® Junior Applicator	✓
B	Accu-Lube® Standard Boxed Applicator	

LUBRICANTS

C	Accu-Lube® LB-2000	✓
D	Accu-Lube® LB-3000	
E	Accu-Lube® LB-6000	

RUST PREVENTATIVES/ CORROSION INHIBITORS

A	LPS 3® Premier Rust Inhibitor	✓
• Waxy, self-healing protectant		
• Offers metal protection for up to 2 years indoors and 6 months outdoors		

B	LPS® Cold Galvanize Corrosion Inhibitor	
• Zinc-rich primer for long-term outdoor corrosion protection		

C	RUSTLICK™ B	
• In-process corrosion inhibitor for ferrous metals		
• Short-term protection for metal fabricating use		
• Water-dilutable 1:3		

D	RUSTLICK™ 631	
• Moisture displacing rust preventative and penetrating spray		
• Wet-film		

E	RUSTLICK™ 606	
• Moisture absorbing rust preventative spray		

DEGREASERS/CLEANERS

LPS® and Spray Nine® offer a wide range of degreasing and cleaning options in both solvent and water based formulas.

SOLVENT-BASED

A	LPS® PreSolve® Orange Degreaser	✓
• The most effective option for removing accumulated tar, grime and adhesive residues		
• Low-residue formula that is easy to remove		
• Safe on all metals and most plastics		
B	LPS® ZeroTri® Heavy-duty Degreaser	
• Fast-evaporating formula with no residue		
• Safe for most surfaces (including plastics)		
C	LPS® A-151 Solvent Degreaser	
• Features a slow, controlled evaporation, making it ideal for parts washers, dip tanks and ultrasonic cleaners		
D	LPS® EVR™ Clean Air Solvent Degreaser	
• General-purpose solvent degreaser with environmentally preferred formula		
• Compliant in all 50 states with no ozone-depleting compounds		

WATER-BASED

E	Spray Nine®* Multi-Purpose Cleaner & Disinfectant	✓
• Most versatile cleaner around		
• Cleans, degreases, disinfects, sanitizes, deodorizes and more!		
• Perfect for all areas of a facility		
F	Spray Nine®* Grez-Off® Heavy-Duty Degreaser	
• Ready-to-use, biodegradable formula		
• Formulated for heavy degreasing applications		
G	LPS® Precision Clean Multi-Purpose Cleaner/Degreaser	
• Outstanding general-purpose formula that rinses clean		
• Safe for all surfaces except magnesium		
H	LPS® T-91™ Non-Solvent Degreaser	
• Bio-preferred, dilutable degreasing concentrate with no VOC's		
• Ideal for traditional solvent cleaning with plastic basin parts washer and dip tanks		

*Spray Nine® Brand products are not for sale in Canada through ITW Pro Brands

S SPECIALTY MRO

A	Anti-Spatter	
• Unique water-based formula that prevents weld spatter from sticking to metal		
• Paint compatible		
B	Strong Steel Sticks	
• Hand-kneadable epoxy, ready-to-use stick for fast emergency repairs		
C	PREMIUM LEAK DETECTOR	
• Identifies gas and air leaks quickly		
• Bubbles when exposed to gas leaks		
• Meets or exceeds strict Telco performance specs		

✓ Recommended product for most common applications

FLOOD COOLANTS

MACHINING / SAWING FLUIDS

RUSTLICK™	WS-5050	✓	General purpose heavy-duty water-soluble oil	•	•	•			•
	ULTRACUT® Pro		Heavy-duty, high-biostability water-soluble oil with EP additives	•		•			•
	ULTRACUT® 380R		Heavy-duty, ultra long-lasting bioresistant semi-synthetic coolant with non-chlorinated EP additives	•		•			•
	Vytron-N		General-purpose synthetic cutting fluid	•	•	•			•
	PowerSaw		Moderate to heavy-duty synthetic cutting fluid with non-chlorinated EP additives		•				
	SS-405L		Moderate-duty semi-synthetic fluid	•	•	•			•

GRINDING FLUIDS

RUSTLICK™	G-25J	✓	Synthetic grinding fluid for blanchard, surface, centerless & cylindrical grinding				•	•	
	G-1066D		Synthetic grinding fluid for diamond wheel grinding				•	•	
	Carbide PowerGrind		Premium synthetic grinding fluid for carbide grinding				•		

HAND APPLIED CUTTING FLUIDS

LIQUIDS

LPS®	Tapmatic® #1 Gold	✓	Great for all metals including aluminum	•	•				•
	Tapmatic® AquaCut		Water-based cutting fluid that does not contain sulfur, chlorine, or chlorinated solvents	•	•				•
	Tapmatic® Natural		High-performance, biodegradable, naturally organic cutting fluid	•	•				•
	Tapmatic® TriCut®		Designed to effectively lubricate severe metalworking operations	•	•				•
ACCU-LUBE®	Pump Spray Lube		LB-2000 Pump Spray	•	•				•

SEMI-SOLIDS

LPS®	Tapmatic® Edge Creme	✓	Biodegradable cream formula cutting lubricant	•	•				•
ACCU-LUBE®	#10 Perfect Tap		Thickest natural based cutting oil	•					•
	Gel Paste		Natural-based gel lubricant	•					•
	LS-10 Paste		Semi-solid paste lubricants	•					•

SOLIDS

ACCU-LUBE®	Stick Lube	✓	Soft-solid lubricant in stick form		•			•	
	Block Lube		Soft-solid lubricant in block form		•			•	
LPS®	Tapmatic® Edge Lube		Biodegradable solid bar lubricant		•			•	

MINIMUM QUANTITY LUBRICATION (MQL)

APPLICATORS

ACCU-LUBE®	Junior Applicator	✓	1-or-2 Pump Boxed Applicator	•	•				•
	Standard Boxed Applicator		1-or-2 Pump Junior Applicator	•	•				•

LUBRICANTS

ACCU-LUBE®	LB-2000	✓	Moderate to heavy-duty MQL lubricant	•	•				•
	LB-3000		Moderate-duty MQL lubricant	•	•				•
	LB-6000		Moderate to heavy-duty MQL lubricant	•	•				•
